# S.T.A.R.

Secondary Tertiary Alignment Resource

## ★ Purpose of S.T.A.R

STAR's intention is to enable secondary schools to facilitate their students' smooth transition from schooling to further education or employment.

## ★ How to Apply

When a student shows an interest in completing a STAR course they will then be given an application form which they will then need to fill out, giving sufficient reasoning as to why they are wanting to attend their chosen STAR course. When handing in the application the student will also need to have parental permission.

\$\$\$\$\$ - Generally there is no cost involved for parents as STAR funding covers all expenses.

STAR can be any Career directed training.  
We intend to be flexible enough to  
accommodate every need.

## ★ Qualifications

Participants will commonly achieve Unit Standards or course certificates at the end of their chosen STAR course.

## ★ Types of Courses

STAR courses can be of a very practical nature right through to University papers.

E.g.

- ★ Work Place First Aid
- ★ Forklift Driving
- ★ Barista Course
- ★ Beyond the Camera
- ★ Equine
- ★ Early Childhood
- ★ Video Production
- ★ Photoshop
- ★ Police Careers
- ★ Motivational Courses
- ★ University papers on
  - ★ Maori
  - ★ Maths
  - ★ Geology
