

Middleton Grange School App

An overview

Click on this button and then on 'alert subscriptions' to edit the sports/cultural/academic groups for which you wish to receive alerts. A lot of general school information is sent to all users, but some groups with more specific information require you to subscribe to their alerts. Access to Kamar (Parent Portal) is also available under this sidebar.

The absentee button offers parents a chance to either ring the school or to send a message by email, explaining why a student is absent from school.

The Daily Notices can be found via the app – this is a quick and easy way to access these.

The Term Dates section has the dates for each school term for the year as well as dates for Teacher Only Days.

Contacts contains a list of the people most contacted at the school.

The app is free, simply search "Schoolappsnz" in the app store and then select Middleton Grange School when prompted upon opening the app.
